

Terasaki show their strategic commitment to achieving Net Zero by 2050

Terasaki Electric (Europe) Ltd, has joined forces with their new Carbon Partner Auditel to deliver their objective of becoming Carbon Neutral while on their longer-term objective of reaching Net Zero by 2050.

Terasaki is a world class specialist in innovative circuit protection, control and system products for electrical energy distribution. We supply low-voltage circuit breakers for industrial, marine and commercial building projects. Terasaki has a highly qualified team of Application Engineers who offer our valued customers free technical support 24 hours a day. Our products and our people work with safety and protection as their prime purpose.

Vaughan Turner, Managing Director comments. "Terasaki have committed to achieving net zero emissions by 2050 as part of the UK's Business Climate Leaders campaign. When you buy from us you can be confident that we are doing what we can to reduce our impact on the environment. Terasaki support a 'right to repair'. Energy consumption and waste can be reduced by extending product lifespan and designing in repairability."

Our Environmental Mission

- We endeavour to make our activities and products climate-neutral.
- We have a business objective to implement processes to achieve Net Zero.
- We have a strategic objective to develop an internal and external business process to deliver net zero to the organisation.

Sean Connaughton Carbon Auditor at Auditel added. "We are delighted to be working with Terasaki on their Net Zero journey. They have already taken many measures to reduce their carbon

emissions including solar PV and are committed to reducing even further in the coming years.

They are already leading the way in ensuring their products are as efficient as possible and by now measuring and reducing their operational carbon, Terasaki and their clients will see the benefits.

The whole team at Terasaki is committed to developing a progressive Carbon Management Strategy to reduce carbon emissions arising from its activities. We look forward to working with the team and their supply chain to help them achieve their Net Zero targets."

"We are delighted to be working with Auditel to help us deliver on our mission to achieve net zero. Terasaki have committed to achieving net zero emissions by 2050 as part of the UK's Business Climate Leaders campaign."

Vaughan Turner, Managing Director
